## NATURE'S OWN CURE.

Hyomei Cures Catarrh Without Dangerous Drugging of the Stomach.

Not until Hyomei was discovered has it been possible to truthfully say that a remedy for catarrh was known.

This remedy is breathed through the Hyomei Inhaler for a few minutes four times a day, and during that time every particle of air taken into the air passages and lungs is impregnated with the germ-killing and health-giving Hyomei. It is the only treatment that cures catarrh.

Stomach drugging often causes disordered digestion or brings on some other disease and never makes a permanent cure of catarrh. Hyomei not only kills the germs in the throat and nose, but penetrates to the minutest air cells in the lungs and enters the blood with the oxygen, killing the germs in the blood. It frees the mucous membrane from poisonous microbes and gives perfect health.

A complete outfit costs but \$1.00, and includes an Inhaler, dropper and sufficient Hyomei for several weeks' treatment.

Rickett & Wells have so much faith in the merit of Hyomei that they agree to return the money to any purchaser who may be dissatisfied.
